## Reports

### Kundli Matching , numerological approach, Rashi lord relations & relation with the in-laws:

Ragini's Kundli

Mayank's Kundli

General Characteristics of the Girl - Energetic, ambitious, practical, money oriented and behaves rudely at times

General Characteristics of the Boy - Emotional, career oriented, shy, caring and have a deep attachment with his family

#### Questions:

1. How many Gunas of the Boy and the Girl are matching and the various aspects of their married life?

**Observation:** 23 Gunas out of 36 are matching. Girl is manglik in nature but the boy is not manglik. Girl's Mangal is in 12th house and Boy's Shani is in 12th house. Mayank's Mars is exalted and Ragini's Mars is in 12th house.

**Analysis:** Based on the Guna match, it is considered a good match. Because the Girl is Mangalik & the boy is not, there would be difference between the opinion of the two. While analyzing their 12th house, the couple might not enjoy marital happiness/ bedroom pleasure as the Girl would be relatively more aggressive. Also, looking at the placement of their Mars planet, Mayank would be too much focused

on his career growth while Ragini would want to spend the 'us time' and this difference in their priorities might create certain issues.

## 2. How would the relation between the Boy and the Girl be based on the numerological approach?

**Observation:** Mayank's lifepath no. is 2 and Ragini's lifepath no. is 4. 2 represents the Moon planet and 4 represents Rahu planet.  $2+4=6$  and 6 represents the Venus planet.

**Analysis:** Because of Rahu's effects, Ragini would be very energetic and have a practical approach towards life, ambitious in nature and at times behave rudely. Because of Moon's qualities, Mayank would have an emotional approach towards life, would be caring in nature and would have a deep attachment with his family members.  $2+4=6$  which represents planet Venus and signifies happiness and luxury in life hence it is a good match numerologically.

## 3. How would the relation between the Boy and the Girl be based on the Rashi lord relations?

**Observation:** Ragini's ascendant is Pisces and its lord is Jupiter and moon Rashi is Libra and its lord is Venus. Mayank's ascendant is Aries and its lord is Mars and moon sign is Capricorn and its lord is Saturn.

**Analysis:** The friendly relation between the 2 Rashi lords suggests that there would be a friendly relation between the couple and there would be mutual respect as well. They will have good mental understanding because both moon Rashi lords are friends with each other.

## 4. Relation with the in-laws?

**Observation:** 8th house represents family & in-laws and Ragini's 8th house lord Mars is placed in 12th house.

**Analysis:** There might be confusion, misunderstanding and at times conflict within the family. There would be a difference of opinion between the couple because of the in-laws. In-laws' approach might be conservative in nature and would not align with the Practical approach of the girl which might lead to the differences.

## Soul connection:

**Idea>>** We meet a few people with whom such an amazing understanding gets developed where the other person understands what you want to say without you even saying a word. We call this kind of equation as the 'Soul connection'.

### Question:

#### 1. Would there be a soul connection between the Girl and the boy?

**Observation:** Mayank has Aries ascendant and Ragini has Pisces ascendant and in Ragini's 5th house Cancer sign is present whereas in Mayank's house Leo sign is present and these 5th house signs do not match.

**Analysis:** Though there would be friendliness and mutual respect among the couple but there would not be a soul connection between the Girl and the Boy.

## Children and the Family Growth:

### Questions:

1. **Would there be any issue in conceiving a child? If there is an issue, whether it is with the Boy or the Girl?**

**Observation:** Nadi (one of the 8 gunas having highest weightage) is not matching and Rahu is placed in the 5th house in both the Boy's and Girl's chart.

**Analysis:** Ragini might face anxiety/ hormonal imbalance during the relationship and there are chances that there would be delay/ complications while conceiving their first child.

2. **How many children would the couple conceive?**

**Observation:** In Mayank's D1 chart, the 5th house lord is the Sun and it is placed in the 9th house and in the D9 chart, the 5th house lord is Virgo and 3 planets are placed (Rahu, Sun and Jupiter). In Ragini's D1 chart, the 5th house lord is Moon and it is placed in the 8th house and in the D9 chart, the 5th house lord is Jupiter, moon is placed there.

**Analysis:** Based on these observations, 2 children are to be conceived by the couple.

### 3. What are the timelines of conceiving the children?

**Observation:** Ragini's ascendant is Jupiter and Jupiter will move in 5th house after May 2026 and there would be Guru's Mahadasha at the same time in Mayank's Kundali.

**Analysis:** There are chances of conceiving a child with some complications between May 2026 and November 2026. Based on the similar calculations, their 2nd child is expected to be conceived in 2029.

### Financial Growth:

### Questions:

#### 1. How would the financial growth of the Girl, the Boy and the couple be?

**Astrology Observation:** As per Ragini's chart, Jupiter & Saturn are placed in the 2nd house, also her lifepath no. is 4, its lord is Rahu. the 2nd house & 7th lord is Venus as per Mayank's chart and Venus is placed in the sign of Capricorn, so after marriage his wealth will also increase, and Mayank's lifepath no. is 2 and its lord is Moon. Together their no. is 6 whose lord is Venus and this represents Luxury.

**Analysis:** Ragini would enjoy a wealthy financial status and after marrying Mayank, her financial condition would only get better. Mayank would also enjoy a very healthy financial status especially in terms of liquidity & property and his wealth would also increase after getting married. Together, the couple would enjoy a luxurious life.

## 2. What would be the time period when the couple would face financial stress?

**Astrology Observation:** Mayank's ascendant is Aries, Saturn would enter Aries sign in Feb 2028. 2028's year completion no. is 3 and this is not supporting either Ragini or Mayank as Ragini's lifepath no. is 4 and Mayank's lifepath no. is 2 and hence they have to take careful financial steps in 2028 & 2029.

**Analysis:** The couple need to take calculative financial decisions starting from Feb 2028 for the next 1.5 years (if possible, they can avoid taking big financial decisions to avoid loss and also opt for safer financial instruments to invest to avoid losses) and their financial status would get streamlined after that. For a detailed discussion on this, please contact our Astrologer.

## 3. Would the couple be able to purchase property? If yes, when?

**Astrology Observation:** According to the Mayank's chart, his Mars is exalted in the sign of Capricorn and it is placed in the kendra and Mars represents properties, hence Mayank has the yog of multiple properties. According to Ragini's details, the 4th house lord is mercury, aspect by the 7th seen so she has the yog of luxurious properties as well.

**Analysis:** Yes, the couple have a chance of purchasing multiple properties which would be luxurious in nature - one in 2026, one in 2029 and one post 2032 as well.

## Relationship longevity:

### Questions:

1. What would be the longevity of the marriage and are there any chances of litigation?

**Observation:** In Ragini's chart, Saturn is debilitated and Saturn is connected to the 12th house and gochar is unfavorable as well which represents legal issues.

**Analysis:** There might be conflict in the marriage and there are chances of litigation.

2. Which might be a lean period during the marriage?

**Observation:** Ragini chart, Saturn is debilitated and Saturn is connected to 12th house which represents legal issues. In Ragini's chart, since Saturn is entering in Aries sign in debilitated mode, there are chances of litigation. In Mayank's chart Saturn placement in 12th house (lord of 10th & 11th house) will move in ascendant. Also, Mayank's lifepath no. is 2 and Ragini's lifepath no. is 4. 2 represents the Moon planet and 4 represents the Rahu planet. So sometimes they might not have good understanding and both the name alphabets are not friends (Mayank's name alphabet is 4 and Ragini's name alphabet is 9 and 4 & 9 numbers are enemies), so ego issues, misunderstanding and hence legal issues are possible.

**Analysis:** Issues might be there because of the ego clashes and miscommunication which might lead to a careless approach towards each other. There is a chance of

conflict/ separation/ legal issues between the couple between Feb 2028 to 2030 and they have to be very careful during this time period.

### Partner loyalty:

### Questions:

#### 1. What are the chances of a partner cheating on the other one?

**Observation:** Mars is in exalted state and 7th house lord Venus with 12th house lord Jupiter with Moon and in D9 chart, Venus is exalted.

**Analysis:** There is a possibility of an extra-marital affair by one of the partners. As per the numerological observation, one of the partners would seek emotional support but if it doesn't get fulfilled, it might start seeking the same outside of the marriage by establishing a relationship.

#### 2. If there are chances of cheating, what would be the probable time period of the same?

Observation: In 2028, running antardasha and mahadasha indicate extra-marital affair possibility because Mayank's Venus would be with Mars and Jupiter and in D9 chart, Venus with Ketu. In Ragini's chart, Venus debilitated in D9 chart's 11th house and running Mahadasha Shani and antardasha of the Venus.

Analysis: The probable time period when there are chances of cheating would be between Feb 2028 to 2030 and the couple need to be careful about the same.

## Key highlights

1. Ragini & Mayank have different personality types and their approach towards life is different so they might have different opinions about things but there is an undertone of friendship and respect in the relationship.
2. Though there is no soul connection between the couple, they can decide to have a transparent communication which would breed mutual trust and hence their relationship will grow further.
3. Though there might be some complications around conceiving their first child but the couple would conceive 2 children and would enjoy a family life together.
4. Couple has a sound financial future and would live a luxurious life together.
5. There is a patch of lean period when things might fall apart and there are chances of litigation/ separation but the actions of the couple would only decide their future and they can sail through this time period if they want to.
6. There are chances of a partner being disloyal in a particular time period but if the couple move ahead with a little precaution, things might fall into their place.

## Recommendations

1. Ragini can try having an emotional approach towards the family matters, have an open communication with her husband and in-laws and be a little less anxious about things (meditation will help her in controlling her anxiety), she would enjoy her marital life to the fullest.
2. Mayank can try having a practical approach in life and try to build trust in the relationship through his actions.

3. Communication being the key to a healthy relationship, Mayank and Ragini must ensure that there is a transparent communication between the two and take proactive steps regarding the same especially during the tough times.
4. A pooja to mitigate Ragini's mangal dosha can be performed before the marriage to make things favorable for the couple.
5. Relationship healing especially during the lean period (from feb 2028 to 2030) is also recommended to the couple so that they can navigate through the tough time of their marital phase with positivity.
